Our team

Artur Romão

DevOps master

Diogo Cruz

Product owner

Mariana Rosa

Team Manager

Paulo Pereira

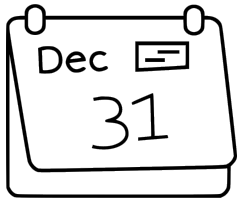
Architect

SLIDESMANIA.COM

Project Objectives

- Produce an **application** that could be useful to doctors and nurses;

- To keep track of their patients, keep and eye on their **medical situation** and be able to check on admitted patients' **vital signs** at any time to be more aware of their situation;



- To create a space where all their **appointments** were available (helping their **daily organization**);
